

beBetter® Health Answers

Health Answers is an engaging solution to improve employee health, productivity, medical self care, and smart healthcare utilization. Extensive content and decision-making tools are built-in to the beBetter® System in partnership with Healthwise®, the leader in evidence-based health information for over 25 years.

Health Answers promotes the healthy actions most likely to have a positive financial impact on employers and employees, such as when to self treat common symptoms, weighing the pros and cons of elective surgeries, and when to have specific preventative care. This is also valuable in the context of high-deductible plans, where more responsibility is placed on the employee to make smart healthcare decisions. Start creating well-informed employees today!
